"SHERS CHYPLOY."

A number of women and children, in a state of destitution, have recently arrived at the Burgher Camps, where they were at once made comfortable. In the opinion of many of them, it is sheer cruelty on the part of the Boer leaders to continua the war. The force under Gen. Beyers, in the north-weet, is believed to be greatly reduced. It is being harassed without intermission by Gen. Grarefiel.
